### AIR CADET RALPH GUNNELS IS KILLED IN PLANE CRASH

#### War Finance Director

HENRY M. HEFLEY

H. M. Hefley, President of the First National Bank in Cameron, has been named War Finance Chairman for Milam County by the United States Treasury.

Mr. Hefley's duties are to seek a unified co-operative effort from all sections of the county, to advise on quotas and to act in an advisory capacity to all groups and organizations in the county, in the current War Bond drive.

Mr. Hefley was named War Finance Chairman for Milam County by the Treasury Department in Washington and through the Federal Reserve Bank in Dallas. In accepting the responsibility he has seen fine progress in one of the most successful war efforts yet undertaken in this county and in addition, his home city of Cameron where as a youth he began his banking career under the late John M. Hefley, has purchased almost One Million Dollars in war bonds.

The appointment of Mr. Hefley brought to the co-ordinated bond drive the advice and counsel of an experienced financier and civic leader. The results obtained in the campaign of which Mr. Hefley has been a contributing factor are tremendous and Cameron and Milam county have come definitely into the limelight as a source of inspiration to other sections in over-subscribing the war loan.

Mr. Hefley's own bank will share large in the bank quota allotted for the county. In other Treasury Loans the First National Bank has bought heavily in government securities.

For the coming week, the last allotted time for the 13 Billion Dollar War Bond drive, Mr. Hefley and those directly connected with the contact of buyers, are planning a final canvass which will take the opportunity to subscribe to every prospective buyer in the county.

Mr. Hefley, one of the best known of Central Texas bankers began his life work as a financier, at an early age. His uncle, the late John M. Hefley, organized and founded the First National Bank, oldest bank in Milam county. Except for a period when Mr. Hefley organized and was President of the Texas State Bank & Trust Company in Cameron, he has been a directing force in First National history. For many years he was Cashier of the bank, later active Vice President and now President, a place he has held for several years. First National now has resources well over a million dollars.

#### Home Canning Project Scheduled for Cameron

A Home Canning Project for Cameron sponsored by the Chamber of Commerce, was discussed last night at a meeting of the Directors.

A committee was named to investigate the possibilities of the project as follows: J. Albert Young, Chairman; Richard Bush, R. W. Hester, J. R. Hays and August Horstmann.

Aviation Cadet Ralph E. Gunnels, 25, was killed in a plane crash near Ardmore, Oklahoma on Saturday night, April 10, 1943.

Cadet Gunnels, a native of Milam county was the son of M. C. Gunnels of Galveston and a grand son of A. J. Gunnels of Hanover. The family have lived at Hanover for many years.

Cadet Gunnels was stationed at Perrin Field, Sherman and was on a routine mission to Ardmore when his plane crashed. He was well advanced in his flight training and soon would have become a commissioned officer and a pilot in the United States Army Air Corps.

News of his death was announced in a simultaneous telegram to his widow, Mrs. Ernestine Gunnels who was the former Miss Ernestine Steger of San Angelo and who was visiting in Sherman at the time of the plane crash which took the life of the young flyer.

Funeral services were held at 2 o'clock Thursday afternoon from the Massie Funeral Chapel in San Angelo with Dr. K. P. Barton and Chaplain George W. Cartwright of Goodfellow Field officiating. Interment was made in Fairmount Cemetery in San Angelo.

During the funeral ceremony planes from Goodfellow Field flying in formation circled over head in tribute to (continued on page eight)

### COUNTY BOND TOTAL IS NEAR 2 MILLION

#### CAMERON TOTAL MOUNTS

A report to The Herald at 3:30 Saturday by Emory B. Camp gave the City of Cameron war bond total to date at \$1,117,611. During Friday and Saturday the people bought \$24,125 in bonds.

Milam County's War Bond Total at noon Saturday had reached the imposing figure of \$1,766,000.

With much of the county yet unreported and Thorndale's all out effort scheduled for Saturday it was expected the quota for the county would be greatly exceeded.

Emory B. Camp, Chairman of the County War Council, said that banks and postoffice and all bond selling agencies in Thorndale will remain open until 10 p. m. Saturday.

H. M. Hefley, War Finance Chairman for the county, was directing all possible attention to a last minute canvass of buyers. Mr. Hefley is the first to have been named to this post, a new office created by the Treasury Department in Washington for the Victory War Bond drive.

E. C. Cole, local Cameron Chairman, planned an intensive canvass for the remainder of time. Cameron has already far exceeded its share in total sales but will do more.

### City Marshal Warns Dog Owners; Either to Vaccinate or Lose Pets

City Marshal Dan Lunsford today issued a second warning on what he said is a situation that demands drastic action.

A published notice yesterday, he said regarding rabies among dogs, was authentic and if there is anyone in Cameron who doubts the intention of the police force to enforce regulations regarding dogs not vaccinated they will soon discover their mistake.

Mr. Lunsford has already killed around 75 dogs. Any dog, no matter to whom he may belong, not vaccinated within the next few hours and caught on the streets will be shot at once.

"I dislike to kill dogs for I know how owners value them," said Marshal Lunsford, "but we cannot temporize with human life and we will not do so. This is our final warning."

### FATHER AND SON IN SERVICE

#### With Seabees

RALPH GREER VAUGHAN

Ralph Greer Vaughan, a native of Milam county and a brother of Deputy Sheriff Will Vaughan, is somewhere in the South Pacific with the Seabees.

Vaughan's rating is Carpenter's Mate First Class. He enlisted in the Seabees on August 26, 1942 and received his basic training at Norfolk Va. From Norfolk he was transferred to Gulfport, Miss., and from there to Oxnord, Calif., and from that point sailed for the South Pacific.

In a letter to his daughter here, Miss Helen Vaughan, he says he is seeing plenty of action but is doing fine and is well.

Ralph Greer, better known as "Weaver" Vaughan says he wants to hear from friends in Cameron and around the community. Boys over in the South Pacific get lonesome and friends should write.

Lt. Roy Vaughan, a son, is in the Army Air Corps, a pilot and now in the transport service.

#### Flies For Freedom

LT. R. L. VAUGHAN

Lt. Roy L. Vaughan, whose father, Ralph Greer Vaughan is in the Seabees of Uncle Sam's Navy, is flying for victory in the Air Corps of the United States Army.

Lt. Vaughan, a volunteer, enlisted in the Air Corps in November 1940, and went to school for cooks and bakers from which he obtained a diploma as first Cook and Mess Sgt. He later transferred out to the Air Corps to become a pilot. This was in June 1942 and he obtained his first training at Sequoia Field in California.

From this field he went to Stockton, California, where he obtained his wings and was commissioned a Lieutenant.

Lt. Vaughan is now attached to the transport service of the Army Air Corps.

Lt. Vaughan was born and reared in Milam county and attended high school in Cameron.

### ARMY ARRIVES HERE FOR COUNTY SCRAP DRIVE

The army is here for the county wide scrap drive.

Schools of the county and city are being contacted and the ground work laid for the collection of scrap.

Judge Jeff T. Kemp said that there will be some 80 enlisted men here for the work.

Major R. D. Schleigh from Camp Hood arrived yesterday and has already begun work.

Army trucks will haul in the scrap. The utmost in co-operation must be had. Scrap too heavy to pile at the mail boxes on the rural routes will be trucked in. Donators are asked to tell the truck men where to go.

### CLIMAX OF BATTLE IS EXPECTED IN 48 HOURS

An American army under General George Patton is within 28 miles of Bizerte while the British and French under General Montgomery have reached the Tunisian plains only 20 miles from Tunis.

Dispatches at noon Wednesday said a climax in the battle for Tunisia is expected within the next 48 hours.

All along the line steady progress was being made in spite of stiff fighting by the Germans.

As the situation appeared at noon Wednesday the Allies will be able to force the issue for North Africa within a matter of hours. If the Allied command should decide upon a frontal assault the battle will be fierce and bloody but over quickly. If a slower process of victory is developed the fight may last weeks.

The Allies have air superiority in Russia the fighting was confined to artillery duels and the Reds have air superiority. No doubt Germany is conserving her waning air power for the invasion which must come by 1944.

Italy was being bombed by the RAF Airmen under MacArthur have scored a hit on a Japanese destroyer and raided another Jap base.

Kiska has been bombed again by the Americans.

Large scale operations are expected soon in all theatres of the war.

### BANK QUOTAS YET TO BE ADDED TO COUNTY TOTAL

#### COUNTY BOND REPORTS

Thorndale	25,500.00
Buckholts	11,275.00

Total

\$1,744,723.97

### CITY OF CAMERON BUYS \$1,131,373.97 TO DATE

Milam county, setting the pace for Central Texas in the purchase of War Bonds had bought a total of \$1,717,243.97 up to noon Thursday, according to figures released from the office of Emory B. Camp, Chairman of the War Council.

The City of Cameron had purchased \$1,131,373.97 up to the same hour Thursday.

During the past 3 days bond buying in the city had tapered off considerably but substantial amounts were being taken. On Monday \$2450 were purchased and on Tuesday \$2067.97 while on Wednesday \$9,250 was reported.

These figures represent only the purchases made by individuals. Bank quotas yet to be taken will run over 600 thousand dollars. In the aggregate Milam county will have taken over two million dollars in War Bonds under the 2nd War Loan.

### SWEET POTATO CROP GETS BIG PRICE BOOST

College Station—Floor prices on sweet potatoes grown under this year's Food for Freedom program were announced this week by the Texas USDA War Board.

Prices will be supported, if necessary, by the Food Distribution Administration, at \$1.15 per bushel during the harvesting season from August through November and at \$1.30 per bushel during December and January, the board explained.

During February, March and April, 1944, the support price will be \$1.40 per bushel.

According to the War Board, these prices apply on U. S. No. 1 sweet potatoes packed in crates, baskets or hampers, FOB, carrier, in carload lots. For U. S. No. 2 sweet potatoes, containing 75 per cent or more U. S. No. 1 quality and size, the price support will be 15 cents per bushel below the U. S. No. 1 price.

"The support price on sweet potatoes doubtless will result in Texas producers reaching the acreage set for them." B. F. Vance, Chairman of the board said, and explained that growers who had been asked to produce sweet potatoes had expressed the opinion that attainment of goals would be contingent upon fair prices.

The state goal under this year's war production program recently was increased to 95,000 acres, which is 35,000 acres more than the original goal announced in December.

#### CONLEY FAMILY FUND

The following contributions have been received for the Conley family fund:

Furman Shuffield	\$5.00
L. A. Swanzy	1.50
Mr. and Mrs. J. L. Horton	2.50
Emil Michalka	1.00

Mr. and Mrs. J. L. Horton of Sharp were in Cameron Saturday. While here they left a contribution to the Conley family fund. Their son, Demp Horton was killed when the Japanese attacked Pearl Harbor. He was in the navy and aboard the West Virginia. J. L. Horton, Jr., another son has been in the navy 6 years and Gordon Horton also is in the navy.

Mrs. L. Coward of Hanover visited in Cameron Monday morning.

### Leads Bond Drive

E. C. COLE

Chairman War Bond Drive in City of Cameron

Leader in what has amounted to the most enthusiastic war response since hostilities began, E. C. Cole, local chairman, has seen his home city put almost a Million Dollars in War Bonds and the current campaign reach heights of success hitherto unknown in war effort.

Mr. Cole was called in to head the drive. He lost no time in organizing his forces and does not hesitate to give them full credit for their great work in making this success possible. He has also been most generous in his praise of the press, especially the Daily Herald, for the publicity given to the current effort.

Civic responsibility is no new thing for Mr. Cole. He has been in the front lines of every worthy move the city has undertaken for years. In addition to his work as Agent for the Southern Pacific Railway, he has served as President of the Chamber of Commerce and many times as director. In obtaining co-operation in this work he became the logical man to head the War Bond Drive when the Lions Club under suggestion of Emory B. Camp, County War Council Chairman, became the sponsor for the drive.

In organizing the campaign, Mr. Cole has used the most modern co-operative tactics and insured the success of the work by carefully planning the campaign. The sensational purchase of almost a Million Dollars in War Bonds was a natural sequence to such a campaign and patriotic appeal.

"We have much work to be done. Our committees will see to it that all have a chance to subscribe. This is the people's war. They will win it and pay for it. The smallest bond buyer to the largest are common soldiers in a common army for America. The response here has brought Cameron favorably into the limelight and has focused attention on our city from every corner of Texas and the nation's capital as well."

#### CIGARETTE FUND

These contributions have been received for the American Legion Cigarette Fund:

Henry Hatto	\$1.00
Mrs. S. A. Clark	1.00
Tommie McGoldrick	1.00

Miss Marie Slavik, who is employed at Duncan Field in San Antonio, spent the Easter holidays with her family and friends.

Mrs. Ellen H. Doss of Gay Hill was a Cameron visitor Saturday.

# IT'S 10 MINUTES TO MIDNIGHT!

**Wake up Americans. . .  
Your Country's Most Fateful Hour is Near**

THE hour when the final die is cast, when decisive victory hangs in the balance. The hour which will decide the future of you and your children . . . a future of joyous freedom or a future of endless serfdom.

Yes, it is ten minutes to midnight. And when the first stroke of that fateful hour begins to sound, it will be to late to throw your weight into the fight. The time to do that is NOW.

Now, when your dollars can keep the production lines humming. Now, when your dollars can buy the tanks and guns and planes and ships our soldiers need to fight a winning war . . . the only kind of a war we can afford to fight. Now, while there are still ten minutes before midnight.

Your country is asking you to lend your dollars in greater amount than ever before. It is asking for 13 billions of dollars extra this month . . . 13 billions for the weapons of war to make sure that it is our side which dictates the peace.

If we do not win, the money you fail to lend now will be worse than useless to you. If we win, as we must, the money you lend now will be returned with interest . . . for you to spend on the good things of life . . . for you to enjoy in a free and safe world.

So dig down, Americans. Answer the challenge by buying War Loan securities this month with every idle dollar you have except what you need for the barest necessities of life.

Don't wait for the War Loan Volunteer. Beat the gun by going to your bank, investment dealer, Broker, Post Office, or bond booth today.

Have your money in your fist . . . the fist that can deliver the knockout blow to the Axis. But hurry . . .

For it is ten minutes to midnight . . .

The hour that can strike the knell of doom—or the blessed song of freedom.

Your dollars can call the tune.

A sudden quiet has fallen on Capitol Hill. The debate on the Agricultural Appropriation Bill lasted for a week and a day. The sessions ran on into the nights and at times they became very heated. On the 21st we finally passed the Bill by an overwhelming vote. Before the final vote was taken, the Bill was amended in several particulars. Most important of all was the "Cannon" Amendment which prohibited the Agriculture Department from using any of this money to make "incentive payments." I think that the wording of the Bill was clearly to the effect that this money should not be so used, and I feel that there has never been any authority to use public money for this purpose, but we have had such frequent experiences where these Departments exercised powers never given to them that those of us who believe that the farmer should be given a fair price in the market place wanted to be sure that the money we appropriated for conservation payments would not be used to keep farm prices from reaching a fair level; and that is exactly what the Department planned to do with the "incentive payments." I think the most effective "incentive" to production is the assurance of an adequate price. I therefore voted for the Cannon Amendment.

Likewise I voted for the amendment to provide money for the continuation of the R. E. A., and I am happy to report amendment carried, although the amount will be substantially less than in the past. In this connection it must be remembered that we can not at this time carry on the kind of R. E. A. program that we should like because of the shortage of copper. Therefore this small appropriation is probably adequate for the time being. I trust that when material is available that we will be able to secure all of the funds needed for a really comprehensive R. E. A. loan program that will enable us to bring electricity to every rural home.

Since passing this bill we have considered several less important but highly controversial measures. Among them was the District of Columbia Appropriation Bill, which was passed, but which always engenders considerable discussion. Then we debated the conference report on the Government Pay Bill, and finally we discussed at considerable length a proposal to allow WAVES to go overseas. No one seemed to be able to explain why few should use the shipping that would be necessary to set up duplicate housing, hospital and other facilities that this would require at a time when we have four or five million men in training camps in the United States whom we can not send abroad for lack of shipping. This bill was finally withdrawn by the committee that proposed it.

**CAMERON THEATRE**  
SUNDAY AND MONDAY  
MAY 2 AND 3

Throughout all of this debate there has been the constant background of clashing opinions in regard to the Tax Collection Bill. In the beginning there seemed to be no party alignment on this question, but as it has gone on, the great majority of the Republicans have lined up in favor of waiving or forgiving all of the taxes that would under the existing law be payable this year (based on last year's income.) In like manner, a majority, but not all of the Democrats, have moved more and more to the belief that our government simply can not give the tax payers a whole year's tax obligation or even a major portion thereof without seriously injuring our financial solvency. The Democrats have all realized the need of a pay-as-you-go and "collection-at-the-source" program and in a sincere effort to work out a compromise have offered the Republicans more liberal concessions than we should in my opinion make. The entire problem will be again debated on the Floor of the House beginning on the 3rd of May. In the meantime, the House has recessed until that date. I hope to come home but realize that I will be able to stay only two or three days. I am sorry that I will not be able to spend enough time in Texas to visit over our district. As I have often pointed out, I believe that a Member of Congress will inevitably make a better Representative if he is able to visit the people he represents at frequent intervals. I, therefore, try to come home at every opportunity in spite of the fact that travel has become very difficult and expensive (and a Member of Congress must pay his own traveling expenses save for one trip per session.)

**WAR** production needs are pressing. No time can be wasted on the job. Rest-pauses planned and timed are the efficient way to make every minute count. They lessen tension, break monotony, and increase output. Add refreshment to a rest-pause and you promote worker-contentment.

Ice-cold Coca-Cola is refreshment that does more than quench thirst. Drink it and you feel and enjoy a refreshing after-sense. Its clean, exciting taste always pleases, never tires. Coca-Cola offers something extra. All the difference between something really refreshing and just something to drink.

Letters from plant managers from coast to coast emphasize that the little moment for an ice-cold Coca-Cola means a lot to workers in war plants. It's a refreshing moment on the sunny side of things... a way to turn to refreshment without turning from work.

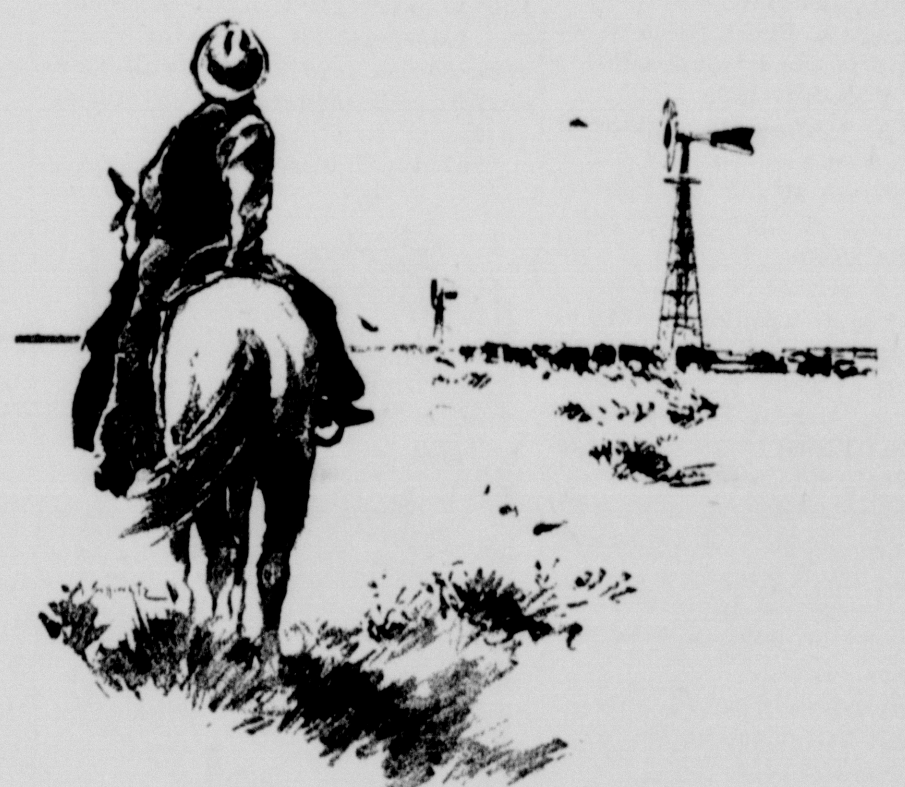

You work better when you are contented on the job. Remember, contentment comes when you connect with a Coke.

All over Texas the sky is full of training planes, single engine ships and larger ones, taking off and landing, zooming, darting here and there, turning and diving. Other youngsters like Jim are at the controls and are learning fast, and soon they'll graduate to bigger, faster fighters and bombers... And then will come their chance... to pit their skill and their fine American-built planes against the enemy.

Of all the gasoline used in these thousands of trainers here and in those armadas of fighters and bombers carrying the battle to the Nazis and Japs, a great percentage comes from Humble refineries. Humble leads the field in the production of 100-octane gasoline for American and Allied combat planes and advanced trainers, and also in the production of 91-, 87-, and 73-octane for training planes. Too, Humble produces thousands of barrels of Humble-Esso Aviation Engine Oils for all these planes.

But the list of Humble-made war products does not end with those for the air arms of our fighting forces. From those same refineries which used to supply you with Esso Extra gasoline, 997 Motor Oil, and peerless products for the home, the farm, and the factory, now come many vital implements of war made from Texas crude oil. ## FARM CERTIFICATES TO REWARD PRODUCTION

College Station.—Certifications of enlistment for all-out food production will be awarded Texas farm families who have enlisted in this year's Food for Freedom program.

The 11x14 inch certificate, which has been signed by Secretary of Agriculture Claude Wickard, will be presented to farm families by local county USDA war boards after the completion of the 1943 farm sign-up campaign.

The 1943 farm plan, which Texas farmers and ranchers now are filling out in all section of the state, will be the basis for making the award. This drive, aimed at obtaining maximum production of food and feed from each farm and ranch is to be completed this month.

"It is a simple word of appreciation and encouragement to the fighting units of the food front, the nation's farm families," B. F. Vance, chairman, Texas USDA War Board, said in explaining the purpose of the certificate. He pointed out that for three years in a row farm operators and their families have broken all production records with emphasis on the war-needed crops and meats.

Although working under handicaps, such as shortages of labor, machinery and transportation, goals of many commodities have been set still higher for 1943 than they were during 1942.

"In spite of these handicaps, if the

weather is generously favorable, I believe Texas farmers and ranchers will reach new goals and break production records once more," the chairman said.

Owen Stidham has completed his training at an Atlantic coast base and is reporting for sea duty. He was formerly on a destroyer in the Pacific but transferred out to the submarine service and has now gone out to sea. He is a volunteer and a crack seaman.

## NEWS FROM MILANO

The old saying, rain on Easter will rain seven Sundays, so no rain Sunday. Suppose we are in for a dry spell.

Earl Robinson was a week end guest here with his mother, Mrs. J. T. Robinson and his sister, Mrs. Oudley Caldwell.

Mrs. Lee Braun left Sunday morning to visit her friend, Mrs. George in Palestine. Mrs. George had just received word her son was missing in action. He was across the waters somewhere.

## GERMANS MAY BE OPENING SPRING BATTLE

Violent new fighting has broken out in the Caucasus and Moscow believes a new German spring offensive is getting under way.

The Germans have suffered severe losses.

In the last 2 days the Germans lost 48,000 troops according to the Russians and 98 planes have been shot down. The Russians have lost 42 planes indicating violent air battles over the front.

In London Soviet Ambassador, Mr. Maisky said the Soviet Union would no longer accept excuses for failure to open a second front. This was taken to indicate that the Russians fear a violent new German campaign this summer.

The Germans are counter attacking at 2 points in Tunisia but the British 8th army has thrown back the German attacks. The Germans were forced to retreat after a violent tank battle in which they suffered considerable losses.

In London Winston Churchill again warned the Germans not to resort to poison in the war on the Russians and it was disclosed that the Japanese have already used poison gas in China.

Fired on by the revelation that the Japanese have shot American airmen who were forced down after the raid on Tokyo, American airmen were dealing the Japanese new devastating blows on all fronts

Grady Stidham, Jr., now stationed with the Coast Guard at Vicksburg, Miss., came home last week end to visit Mrs. Stidham in Waco. He was met there by his parents, Mr. and Mrs. Grady Stidham, Sr., of Cameron.

Mr. and Mrs. Albert Richter and sons of Camp Swift, spent the Easter holidays in Cameron with relatives and friends.

Mr. and Mrs. Red Miller and daughter and Mrs. Odale Wade, all of Houston, visited their mother, Mrs. Jim Young over the week end.

Mr. and Mrs. Jeff Nealy of Oxford were among the Cameron visitors Saturday.

## ROOSEVELT ORDERS STRIKERS TO WORK

President Roosevelt furnished the best war news of the day.

In the battle of Washington where strikes have continued their conquest of the war effort, the President has ordered men back to work in a war plant, tied up for the past 48 hours.

The President ordered picketing to stop at once. He has given the workers until Monday to resume work.

The alternative will be government supervision of the plant. In every case in the past the workers have won. There was no reason to believe they would observe an edict from the White House. A little enforcement might help.

The war news revolved around continued Allied gains in Tunisia where the enemy is fighting bitterly but losing heavily. Slowly the final hour is coming in Tunisia.

## Former Publisher Is Living in Cameron

R. W. H. Kennon, former publisher and lately connected with newspaper properties at Cisco, has moved to Cameron and at present is living with his brother, S. E. Kennon.

Mr. Kennon is a pioneer in the publishing industry in Texas. At one time he was editor and publisher of the Herald and later owned and published the Rockdale Reporter.

His latest newspaper work was at Cisco where he established and published a daily for years.

Mr. Kennon, now advanced in years, has retired from the newspaper field in which he was a prominent figure for years, returning to his old home in Milam county.

Reba Young, who is teaching school in Houston, is visiting relatives and friends in Cameron for the Easter holidays.

Jane Gunn of Houston visited in the home of her parents, Mr. and Mrs. Ed Gunn over the week end.

## TAX RECORD BOOKS ARRIVE IN MILAM

Bascom Giles, Commissioner of the General Land Office, through his representative J. E. Moore, delivered to Bill Alex Bonds, tax assessor-collector, Vol 3 of the eight new condensed state abstract volumes, listing by counties and on a single line all of the information about original Texas land titles, heretofore contained at random in sixty-two volumes.

"Covering 37 Central Texas counties, this volume is invaluable to county tax assessor-collectors, abstractors, and attorneys, as well as to the General Land Office and the Comptroller's Office as a cross index and source of information regarding land titles," according to Commissioner Giles.

Authorized by the 47th Legislature and sponsored by the General Land Office the voluminous work of compiling the complete record of 406,000 Texas abstract was begun in January, 1939. Each county will receive a copy of the volume in which its records are listed, and additional copies of the set are available at the office of the State Comptroller in Austin, Commissioner Giles informed.

Printed in eight permanent volumes of 50,000 abstracts each, the 5,000,000 entries were compiled directly from original Land Office files and checked against the original volume issued in 1878 and each of the 62 supplementary volumes published annually thereafter. Under the old system information about the abstracts

in one county was taken piece by piece from each of the 62 volumes, necessitating the purchase of the complete set. But the new vastly simplified books give all the information about one county in a single volume and the information about one abstract on a single line.

## Aid to Enemy

"Any American who wilfully neglects to pay his taxes on time or to invest every cent he can in War Bonds is surely giving aid and comfort to the enemy. . . . We have a job to do and we are all called for service to our country. Our dollars are called to service too. Let us all ask ourselves, 'Shall we be more tender with our dollars than with the lives of our sons?' " — Secretary Morgenthau.

## 13 JEEPS BOUGHT BY SCHOOL BOND SALES

Students in Yoe High School have concluded their campaign of sales of War Bonds and the total reported is \$17,373.55.

Of the total amount \$11,372.55 were for Series E bonds and this amount will buy 13 jeeps.

Classes in the schools were contesting and much work was done in the sales campaign. The drive began on March 31, and ended on April 19.

## Mr. R. L. Batte Asks Some Questions

Mr. J. B. White,  
Editor Daily Herald.

Dear Sir:

Since your paper has so kindly published a protest from some of the citizens and the school pupils, I would respectfully ask some questions as to why actions took place and why certain procedure was carried out.

What was in the papers prepared by His Imperial Majesty that would necessitate the firing of my daughter off the School Faculty without a chance to defend herself?

What could it have been that caused the Board to vote her off with the same ballot with which they also voted a negro teacher out of the Colored School?

Why was it necessary to hold this meeting behind closed doors and to pledge each other to secrecy about the actions that took place there?

Would it not have been more humane and in keeping with modern policies and common decency to have written her a polite letter asking her to resign or to have given her a chance to have answered the accusations of the Imperial Czar of the Cameron High School?

Why did Perrin want to get her fired?

Was it because he could not make her cringe before him or bring tears to her eyes with his bullying tactics that he sometimes employs in his profession?

We can take it on the chin, but we hate to be struck from behind out of the dark.

Respectfully,  
R. L. BATTE.

## Jack Benny Leads In Comedy Feature At Milam Sunday

Jack Benny and Ann Sheridan head the cast of the Milam Theatre's new comedy, "George Washington Slept Here," opening next Sunday, which the management promises as one of the funniest things on film. The picture, produced by Warner Bros., has enlisted some of Hollywood's best acting, directorial and writing talent.

Everett Freeman's screen story, from the Broadway success by George S. Kaufman and Moss Hart, is the tale of a city-bred husband whose antique-hunting wife goes Colonial and buys a pile of ruins which is supposed to be a house George Washington slept. Jack Benny and Ann Sheridan play the urban couple, Bill and Connie Fuller.

From then on, trouble doesn't come in three's but in six's and seven's. In the midst of moving in a telegram announces the arrival of Connie's rich uncle, portrayed by Charles Coburn. And to make matters worse, Connie's young rascal of a nephew is there to make it hot for everybody, including the next door neighbor. Unfortunately, the neighbor is also the banker, and Connie and Bill cannot pay the mortgage. When all hope is lost and the Fullers are about to surrender their house, Rommie the dog comes to the rescue, and the old homestead is saved.

"George Washington Slept Here" was directed by William Keighley, who directed "The Bride Came C. O. D." and "The Man Who Came to Dinner."

A talented supporting cast includes Percy Kilbride, Hattie McDaniel, William Tracy, Jopee Reynolds and others.

Pvt. William J. (Red) Evard, 28th Supply Squadron, Stinson Field, San Antonio, was home Saturday for the week end visiting his wife and other relatives. This is Red's first time off from duty since his enlistment some 8 months months ago and his many friends were glad to see him.

## FARM BOYS TO STAGE HOG SHOW ON MAY 1

Milam County 4-H and FFA boys will hold a registered gilt and boar show in Cameron on May 1, according to J. W. Stufflebeme, Jr., County Agent. The show will be held on R. L. Batte's vacant lot back of the Hefley-Stedman Motor Company and will start at 1:00 p. m.

These hogs are the foundation stock for the hog improvement program being carried out by Milam County Club boys. The hogs will be around 8 months old and in most instances will be well developed. The gilts to be exhibited will be bred to farrow in the fall of 1943, and should be the source of good breeding for Milam County farmers.

The following boys are co-operating in the improvement program:

Milton Natk, J. B. Simank, Jr., W. C. Rodenbeck, Jr., Norris Simank, Detmold; Ed Maas, Jr., Wendell White, Robert White, Melvin White, Ray Lynn Casey, Harvey Ray Casey, Arthur Henson, Clade Hooks, Jr., Buddy Bozemán, Briary; Adolph Marak, Stanley Sipula, Alfred Mikulec, Norbert Kostroun, Stanley Tomek, Leonard Janke, Eugene Janke, Val Verde; H. M. Yager, Billy Yager, Jones Prairie; Warren McCall, Howard Gibbs, Wallace Colburn, Willie Ray Baker, Yarrellton; Claude D. Coker, Elmo Neal, Maysfield; Ben H. Bailey, Cameron; Earl McDonald, A. H. Hall; Robert Lee Folschinsky, Grady Coker, Ben Arnold.

## New Faces In Big Cameron Comedy Hit

There's a million dollar romance due at the Cameron Theatre Wednesday May 5—and we mean just that!

The picture is Paramounts comedy thriller, "Lady Bodyguard," starring Eddie Albert, Anne Shirley and an insurance policy worth just exactly a cool million simoleons if Eddie, who's cast as an aviation test pilot, happens to come down too fast.

"Lady Bodyguard" has been hailed as one of the season's swiftest comedies and, with a cast that includes Raymond Walburn, Roger Pryor, Maude Eburne, Edward Brophy and a dozen other top-flight Hollywood players, plus the direction of Wm. Clemens, it couldn't be anything else. Sol C. Siegel is the producer.

In the picture it's Anne Shirley's job to keep test-pilot Eddie safely on the ground. She's an insurance company executive and, quite naturally, is at odds with the beneficiaries who want to get rid of Eddie so they can collect. Of course, Eddie and Anne fall in love and, as everybody knows, love laughs at insurance policy beneficiaries.

We advise a date with "Lady Bodyguard" to be at the Cameron Theatre Wednesday, May 5.

### NOTICE!

It has been called to my attention that in certain sections of our city rumors have been circulated to the effect that I am opposed to any person or persons owning and keeping a milk cow within the corporate limits of Cameron. I wish to correct such rumor or rumors and state emphatically that I am not opposed to this but on the contrary encourage all who have ample space and facilities to keep a good milk cow at all times if possible. We all know that milk is a vital food for our children as well as for adults. I would suggest that you bring your milk production above, and in excess of your family requirement, and whatever surplus you have, dispose of same to your neighbor or others who are less fortunate because of inadequate grazing land. Certainly, I would like to see our milk production increased among our citizens beyond our own consumption in order that we might furnish other localities where the supply is insufficient and does not meet the demand.

It is my desire to co-operate 100 per cent with each and every citizen in an effort to raise more livestock and poultry, and last but not least a good victory garden.

I sincerely request that those responsible please refrain from making such erroneous misleading statements.

Very truly,  
LELAND GREEN, Mayor

### In The Navy

### ROBERT LEE SALACH

Robert Lee Salach volunteered for service in the United States Navy on November 3, 1942, and reported for training at San Diego, California.

In San Diego he was in school for 6 weeks. After finishing his primary training he entered Chapman College near Los Angeles where he took a 6 months course in electrical work. He hopes soon to join up with the fleet for duty on the seas.

Robert Lee is a Cameron born boy a graduate of Yoe High School. He was a star Yoemen and was Captain of the squad in his senior year, playing at center and an all district man.

He graduated in the class of 1942 and soon entered the navy. He has returned to Los Angeles after a short leave in Cameron.

## PROBLEM OF INCREASED FARM OUTPUT ARE MET

As the United Nations' military forces are beginning to roll back the enemy, American's farm fighters are preparing their own spring offensive in the war for Freedom.

Their job, as outlined in the 1943 Food-for-Freedom program is to deliver the greatest total farm production possible.

The Nation's war food order as shown in the new farm goals is a huge one—but not so breath-taking as it might have been a year ago. Then the goals called for an unprecedented increase in farm production—and farmers delivered in full. Now it's a large order for farmers to equal some of the records they set in 1942.

Problems of farm labor, equipment, supplies, transportation and marketing threaten to prevent full delivery of the war order. The labor problem is the most acute, and farmers will need the assistance of capable farm workers and volunteers in carrying out the farm production program.

The national farm goals are based on estimated needs of the United States' military forces, our allies and our own civilians. These goals have been subdivided into State county and even community goals. Farmers in every community are being asked to pledge the amounts each can produce on his own farm. These pledges then become the farm's 1943 Food-for-Freedom goals.

Although building construction has been greatly limited by government order to conserve materials for the armed forces, some agricultural construction is necessary to carry out Food-for-Freedom goals and can be done through the use of native and local materials which are not critical.

Among the materials recommended for use in farm construction in these times are concrete, concrete blocks, field stones, brick and tile, and lumber reclaimed from older buildings.

Poultry house, machine storages, granaries, dairy barns, milk houses—in fact, practically all buildings normally constructed of new wood—can be built of these materials with assurance of excellent results. Electric and water supply facilities can be added after the war.

Wood stanchions and partitions will substitute for steel. Roll roofing provides an inexpensive and temporary covering which serves as a base for other types, excepting steel, which should not be placed in contact with a tar or asphalt surface because of corrosion. Home-sawed lumber can be used in place of costly West Coast supplies so necessary for war use.

Use of new materials in violation of the Building Conservation Order issued by the War Production Board may result in being prohibited further deliveries or use of material under priority control, or the job may be ordered stopped for the duration. For details about this order and how it applies in your case, contact your county USDA war board.

The goal of the Second War Loan drive is 13 billion dollars. That is just about one fifth of the estimated increase of the Public Debt for the fiscal year of 1943.

## "Hitlers Children" Is Expose of Wrong of Nazi Education

Based on an amazing and factual account of the educational perversions in which the German youth of today is being drilled, RKO Radio's "Hitler's Children" presents a romantic dramatized version of this account in a manner that promises to electrify every audience with its revelations, when it opens here Sunday at the Cameron Theatre.

Tim Holt, Bonita Granville, Kent Smith, Otto Kruger and H. B. Warner head the cast of this unique offering, inspired by Gregor Ziemer's best-selling "Education for Death." Smith plays the head of the American Colony school in Berlin and Miss Granville that of his American pupil and later his assistant, with young Holt as a German-American youth imbued with Nazi ideas—ideas, however, which do not keep him from falling in love with the girl.

As Hitler's "Herrenvolk" teachings become more widespread, the girl, because of her German descent, is taken from the school and sent to a labor camp, while Holt, now an officer of the Gestapo, interferes with Smith's efforts to rescue her.

Matters reach a crisis when the girl, unable to endure the barbarity of the Nazi scheme of things any longer, runs away from the camp. The boy, held partly responsible for

her actions, is forced to supervise the flogging to which she is sentenced as punishment—but he too rebels at this cruelty, and is himself sentenced to death. How the boy seeks at the last moment to redeem himself and warn his former associates of the folly provides the powerful climax of this sensational offering.

Otto Kruger as a Gestapo sponsor for Holt, and H. B. Warner as a heroic outspoken German bishop are also featured. Erford Gage has a strong role as a drillmaster for German youth. Lloyd Corrigan has a sympathetic role of impressive sort.

### "Great Gildersleeve" Comes Here Tuesday

Based on the popular radio program of the same name, "The Great Gildersleeve" stars the rotund Gildy himself in a fast-paced screen offering which is the first of a proposed series featuring this character and is at Cameron Theatre Tuesday, May 4.

The action takes place in the little town of Summerfield, where Judge Hooker is the most prominent citizen in town. The Judge is also the legal guardian of Gildy's niece and nephew, for Gildy is a bachelor and has only the custody of the youngsters.

The Judge's sister Amelia sets her cap for Gildy, and tries to snare a proposal from him. She prematurely announces that she is going to marry him—but when the news gets back to Gildy he goes to the Judge and protests. The Judge, angered at what he thinks is an insult to his sister, orders Gildy to marry somebody within ten days or lose the custody of the children.

Gildy's sister, Aunt Emma, comes to the rescue but it is the children themselves who finally solve the problem. They begin an ingenious campaign planned to make their uncle so important a figure that the Judge

won't dare enforce his order. A footnote between the two men, and a hilarious series of happenings involving the governor of the state take place before matters are finally settled to everyone's satisfaction in an uproarious climax.

Although Harold Peary (Gildersleeve) has appeared in several other film offerings, this marks his initial starring role and the first time that Summerfield and its inhabitants have been brought to the screen. Jane Darwell heads the supporting cast in the part of Aunt Emma and Charles Arnt enacts the role of the irascible Judge Hooker, with Freddie March and Nancy Gates as the two children, Mary Field as the predatory Amelia, Lillian Randolph as a colored maid and Thurston Hall as the governor.

Gordon Douglas directed the Herman Schlom production for RKO Radio, and Jack Townley wrote the screenplay from the original story by Julian Josephson.

## 10 MINUTE AIR BATTLE BRINGS SIGNAL VICTORY

In exactly 10 minutes Thursday Allied Airmen over the blue waters of the Mediterranean off Tunisia shot down 20 Axis air transport planes and 10 fighter escort.

It was hailed as the most decisive and deadly air attack in the history of aviation.

The big transport planes were loaded with men for the Tunisian front. Each plane capacity is about 120 men and some of them carried supplies, including gasoline.

Five Allied planes were shot down. A new spirit rules the air currents where Americans fly. The Japs have threatened that all who fly over Tokyo have a one way ticket to Hades. Now American pilots all say "We are headed straight for hell."

Adolph Hitler has called upon the occupied countries to furnish five million fighting men to repel the coming invasion.

As the Americans (Texans mostly) staged their great air success over the Germans Thursday the British 8th Army under General Montgomery had advanced 5 miles into Rommel's lines to take Takrouna, an important base north of Enfidaville.

The British 1st Army was advancing from the West upon Bizerte and Tunisia.

The whereabouts of the American army was still a mystery.

Continued statements that American casualties are heavy, indicate severe fighting has been engaged in by General Patton's army.

The Reds are still holding in spite of violent fighting in the Caucasus region.

# FINAL HOUR LOOMS IN TUNISIAN BATTLE

## ALLIES IN 34 MILES OF BASE AT BIZERTE

Military observers were certain Monday that the final hour is at hand in the battle for North Africa.

The Axis armies under General Rommel are retreating again and the Allies are advancing, slowly closing in on the enemy now encircled in a small area before Bizerte and Tunis.

Stiff fighting was in progress and the Allies were advancing slowly. The most sensational advance of the day was that of the Americans under General Patton who penetrated 5 miles into the crumbling Nazi lines.

The road to Tunis was said almost open to the Allies.

There was no claim that the fighting in Tunisia might end suddenly or soon but the end was in sight. Captured German prisoners according to a communication from General Eisenhower's headquarters, have said that the orders are to fight until ammunition plays out. This would mean that supply lines have been almost closed to the Axis forces in Tunisia.

Long range RAF bombing planes have again attacked Naples and the bombings are becoming a serious threat to the whole Mediterranean coast of Italy.

Emil Doss of Gay Hill visited in Cameron Saturday on business.

Mrs. Emma Kennon of Rockdale visited in Cameron Thursday.

## MRS. JOSEPHINE VYBIRAL DIES IN CAMERON SUNDAY

Mrs. Josephine Vybiral, pioneer, died at the home of her daughter, Mrs. Frank Gelner, in Cameron at 8 p. m. Sunday, April 25, 1943.

Funeral services will be held at 8 o'clock p. m. Tuesday April 27, 1943 at the Lutheran Church in Buckholts with Rev. Barton of Granger, conductor.

The body will be at the Marek-Burns Funeral Home in Cameron until the funeral hour when it will be taken to Buckholts. Interment will be made in the Cemetery at Corinth.

Mrs. Vybiral was a native of Europe. She came to America in 1893.

Surviving are several children as follows: Ben Vybiral of Cameron, Mrs. Frank Gelner of Cameron, Mrs. Frances Gelner of Cameron, Anton Vybiral of Cameron, Mrs. Albina Machleek of Taylor, Frank Vybiral of Buckholts, Mrs. Mary Kruse of Buckholts and Mrs. Josephine Reynolds of Cameron.

There are 28 surviving grand children and 2 great grand children. Her husband died 4 years ago.

Pvt. Valter White of Camp Maxey Paris, spent the week end with his wife and other relatives, and friends.

Mary Annis Harlan, who is working at San Antonio, spent the week end with her family and friends at Branchville and Cameron.

## Lucky or Unlucky It Happens on 13th To This Sailor

May be it is coincidence, and, again, maybe it is the mystic hand of fate, but things just seem to pick the 13th to happen to Henry Seibman, formerly chief clerk for the Texas Power & Light Company at Cameron and now serving in Uncle Sam's Navy.

His is a story worthy of "Believe it or Not," and here's the way it came to us from Texas Utility News.

Henry Siebman received notice to report to Dallas for induction in the Navy on the 13th; was assigned to Hut No. 13 at San Diego, Calif., for training; was transferred to Treasure Island on the 13th, and later was transferred to Ureka, California, on the 13th; was sent back to San Diego Machinist School and graduated on the 13th. He was then transferred to Norfolk, Virginia, and from there to San Juan, Puerto Rico, thence to Guantanamo Bay, Cuba, on the 13th. He is still located at Guantanamo Bay and his post office box number is 13. And to top it all, he is now in his 13th month in the Navy!

In trying to determine whether or not 13 is a lucky or unlucky number, his Cameron fellow employees have decided that it is both . . . lucky for the Navy to have Henry and unlucky for Cameron to lose him for the duration.

## Lieut. Horstmann Father of Baby Girl Born In Marfa April 4

News was received here last week of the birth of a baby girl to Lt. and Mrs. Allen Horstmann, at Marfa. She is their first child and has been named Virginia Dell.

Mr. and Mrs. August Horstmann, parents of Lt. Horstmann have returned from Marfa where they visited with the mother and baby. She is their first grand child.

The baby was born on April 4, the birthdate of A. N. Weews of Cameron, great grand father of Virginia Dell. There are other great grand children in the family but Virginia Dell is the first to be born on the great grand father's birthday.

Little Virginia Dell, on her first day wore a dress which belonged to the grand father, August Horstmann when he was only a few days old.

Lt. Horstmann is at present on maneuvers in California and stationed at Camp Hahn. He is an artillery expert. He has not yet seen his daughter.

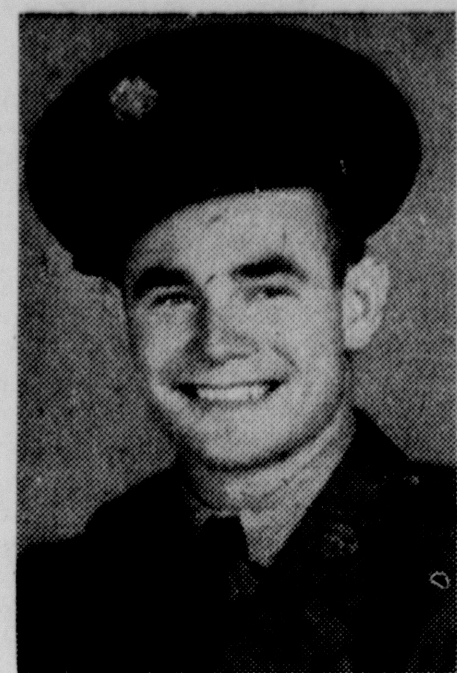

Mrs. George Beard of Houston, formerly of Milano, visited relatives and friends in Cameron the past few days.

Mrs. B. Richard of North Elm was in Cameron Wednesday on business.

Miss Naomi Archer returned to her work at Randolph Field, Friday after three days visit at her home.

Mrs. W. C. Moody visited her mother, Mrs. A. E. Foulds of Smiley, over the week end.

## At Camp McCoy, Wis.

CPL. ALFRED LEE KUHN

Cpl. Alfred Lee Kuhn is at Camp McCoy, Wis., and at present doing a good job drilling recruits to the army.

Cpl. Kuhn has been in the armed forces since October 1940. He volunteered and reported for duty at Fort Sam Houston where he remained until November 1942, when he was transferred to Camp McCoy, Wis.

Attached to the infantry he is supplying a valuable service to the army by drilling men. He is the son of Mr. and Mrs. Will Kuhn of Burlington. He attended school at Clarkson and left the Kuhn farm in 1940, when war threatened America.

He is one of a number of Milam county boys stationed at Camp McCoy.

## CHRISTIAN SCIENCE SERVICES

"Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday May 2.

The Golden Text is: "Whatsoever a man soweth, that shall he also reap." (Galatians 6:7.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Many sorrows shall be to the wicked: but he that trusteth in the Lord, mercy shall compass him about." (Psalms 32:10.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Truth bestows no pardon upon error, but wipes it out in the most effectual manner." (Page 11.)

Mr. and Mrs. B. M. Jennings of Davilla were Cameron visitors Tuesday.

God knows we need the tanks and guns and planes that are bought with your and Dad's money. Honest, Mom, I think they should give medals to women like you who are fighting the good fight for freedom back on the home front!"

**LONE STAR GAS COMPANY**

THE 2<sup>nd</sup> WAR LOAN DRIVE IS ON!

# America...you've got to get tougher!

AMERICA—Let's be frank about it . . . so far, many of us back home have been fighting this war from an easy chair.

Many of us have bought War Bonds out of extra cash, out of money we didn't miss too much. We haven't been really tough with ourselves.

But this war is a hard, down-to-reality war. And many of our boys are dying in it.

## We've got to buy MORE

So your government asks you to buy Bonds and more Bonds—to get really tough with yourself. We're asking you to give up the frills and "extras" for the rest of this war.

We know how human it is not to make sacrifices until the crisis drives us to it. In England they felt the same way until the bombs started falling. Now they can't do enough!

Bombs are such persuasive things. But just as persuasive ought to be the spirit of our brothers, sons, husbands—who are ready to give all. Think now . . . what are your dollars, compared to their lives?

## If you could see

Look at it this way—suppose you had a magic carpet that could take you to Africa and New Guinea. Suppose you could hear the groan of American boys wounded, and American boys dying . . . Say now, how many Bonds would you buy?

## That kind of war

THEY . . . are dying. And they will keep on dying until we drown the enemy in an overwhelming torrent

of bombs, bullets, guns, tanks, planes, ships and shells.

That's why we're asking you, in this one month of April alone, to lend Uncle Sam 13 billions of dollars—by buying War Bonds. 3 billions of extra dollars—over and above any buying that you'd be doing anyway!

## A lot of money

Of course, 13 billion dollars is a lot of money. It'll take sweat and tears to raise it. It'll mean going without now. But also—it will mean saving now—to buy later. It'll mean giving up everything you can't square with your conscience, so that we, us, our children, can have a better, more decent place to live in when this war is won.

## The drive is on

So during this month of April, if someone calls on you to ask you to buy War Bonds in the 2ND WAR LOAN DRIVE, will you buy to the limit—and then buy more?

Better yet, will you go to your Bank, Postoffice, or wherever you're used to buying your Bonds—and buy NOW? Will you lend extra money this month? Money that can hasten the day of Victory? Money that can help to save American lives—perhaps your son's or your brother's or your husband's—by helping to shorten this war?

## Money buys money

Remember, what you're really buying with your money is still more money. For after all, these Bonds are money? Money plus! Every dollar you put into War

Bonds will bring you a dollar plus interest.

So the more Bonds you buy the better for you. Americans—Get Tough—with yourselves—for your country.

## WALK OUT MAY TIE UP NATION'S INDUSTRIES

Coal miners began their strike in earnest Tuesday as John L. Lewis, American Dictator, planned to hold a policy meeting with union representatives in New York.

A telegram to Lewis from the War Labor Board in session in Washington was ignored. The Board asked Lewis to put the miners back to work.

Already 7 strikes were reported in Alabama.

If the soft coal workers go out on strike the Nation's industries may be tied up and valuable time be lost in the production of war materials.

In World War No. 1 when the industries of the nation were threatened Draft Board classified strikers in 1A. This ended the strikes in short

order. Now with labor so powerful a factor the government would hardly go so far as to suggest a remedy for strikes.

While there was a serious threat that the strikes would become general no actual developments were forthcoming to show that John L. Lewis planned to go through with the tie up. He was meeting with the committee in New York.

The wage increase asked by the miners will amount to three hundred and fifty million dollars.

The news from the war in Washington overshadowed the news from the war in Europe and Africa.

There was little doubt both mine owners and the government will have to meet the demands of the miners.

No strike has yet been called in vain under the Roosevelt administration. Labor has won every concession.

The armies of Britain and America

were within 23 miles of Bizerte and Tunisia Tuesday and were closing in on the Axis armies.

General Rommel, it was said is no longer in Tunisia but has gone to Italy to prepare a defense against invasion.

American bomber attacks were continued and an Italian air base in 100 miles of Rome was bombed. Allied airmen will never bomb Rome.

Over in the South Pacific the war

was confined to air activity.

The Russians were making progress again.

Miss Morene Woods, who is working at the Wood Manufacturing Co., in Waco visited in Cameron over the week end. Helen Vaughan returned with her Sunday afternoon to spend a few days.

T. C. Whites of Temple was in Cameron Tuesday on business.

## From where I sit...

by Joe Marsh

Charlie Jenkins writes me from down at camp:

"Dear Joe: Somethin' mighty swell happened to me on my last day's leave. I'm standin' on the corner, not knowin' anybody in town, when a stranger says 'hello, soldier—how'd you like a chicken dinner at home with me and the wife?'"

"Well, it turns out they were the kind of folks who couldn't do enough to help out soldiers. They'd invited two other fellows and just as soon as we're

introduced the lady brings us a glass of beer before dinner.

"We had a fine dinner, talked till ten... Honest, Joe, I'll never forget their hospitality. Makes me feel good fighting for people like that."

Thought you might like to hear what kind o' fellows we got in this army of ours, and how they like to enjoy themselves when they get a chance to.

## DR. THOMAS CURRIE DIES IN TEMPLE

Dr. Thomas Currie, 72, widely known Presbyterian minister and for years president of the Presbyterian Seminary in Austin, died late Friday, in a Temple Hospital.

Dr. Currie suffered a heart stroke on a bus coming in from Dallas and was removed to the hospital where he died.

A native of Falls county, Dr. Currie, was well known in Cameron and had spoken from the Presbyterian pulpit here a number of times. He was regarded as one of the leading ministers and religious workers in the South.

Friends in Cameron planned to attend his funeral.

Judge O. C. Nolte of Ben Arnold was in Cameron Friday on business.

## GEORGE MICHALKA WINS CALF SHOW PRIZE HERE

George Michalka, Cameron 4-H Club boy, won first prize with his Polled Angus in the calf show here Monday.

The grand champion calf, sold on the Fort Worth market for 17 1-2c per pound and weighed 920 pounds in Fort Worth.

J. W. Stufflebeme, county agent, gave the Herald the report on the show. It was the third such show and the best yet. Mr. Stufflebeme is to be commended for his fine work.

The boys have shown great improvement as future farmers and brought 38 calves to the show. The calves weighed 32,850 pounds and 31 of the calves brought 16 1-2c per pound. The average per calf was 865 pounds. Mr. Stufflebeme said this is an excellent average and the sale in Fort Worth Tuesday was one of the best reported here.

The calves brought the 4-H Club boys \$5140.71.

George Michalka who won the grand prize with his Angus calf, is the son of Mr. and Mrs. Joe Michalka of Cameron and has been a 4-H Club boy for a number of years.

The following adult leaders accompanied the 4-H Club boys to Fort Worth:

John Henderson and Otto Boeker, Cameron.

G. A. James and Frank Winkler, Ad Hall.

## Students and Citizens Voice Protest Over Failure of Board To Re-Elect Teacher Here

A representative number of high school students and citizens as well were openly critical and resentful today over failure of the Cameron School Board to re-elect Miss Mary Belle Batte to the faculty.

Miss Batte, popular with the student body, Senior Sponsor and able member of the faculty for three years, it was charged on proven facts, failed of re-election when the Superintendent went before the Board to request she not be retained as a faculty member.

One student said he saw a statement being prepared by the Superintendent to be read to the board against Miss Batte.

Students, discussing the action of the board, said Miss Batte was not re-elected because she would not conform to standards of subservience demanded by the Superintendent of his faculty members. It was understood that the Superintendent had charged Miss Batte once criticized.

Criticism under dictatorship is never tolerated. Thinking is also prohibited unless first dictated and independence for which the American is noted, is treason. It is always punished, sometimes openly but in most instances behind closed doors.

Protest has been voiced but the conviction that little may be done under the circumstances, may save a

bunch of tear eyed students the indignity of expulsion on eve of graduation, if their names were identified with any disagreement.

The School Board, as now constituted is subservient to a degree irreconcilable with any recognized standard of freedom and responsibility to the people. The majority are the ply woods, plastics and putty in the grasp of a system as brutally ruled as any example of usurpation in modern times.

Miss Batte told a representative of The Herald that she had done all she could to co-operate in every way with the superintendent in the three years she has been a member of the faculty. But she has done nothing for which she should apologise or regret. Recently, she said, she was requested to go to the school gymnasium at night to supervise a dance. She said she sought to decline as she had the right and was stormed at and threatened with "a report to the board."

If you know the Batte name, it is not difficult to determine her reaction to such a threat.

Patrons of the school share equally in the high estimate placed upon her worth to the faculty. When students protest, in the face of certain reprisals, and with tears in their eyes, the tribute is even more plain.

Miss Batte has lived day by day

with those Seniors. She has advised and counseled them and her examples have been a tower of strength and inspiration to them in their days of struggle. In response to all suggestions of fighting back at an obvious injustice, she has counseled moderation and thinks only of those boys and girls who soon will graduate. "I will do nothing to hurt them, to bring them under disciplin for speaking their hearts," she said. "I am deeply hurt for I feel I have been unfairly treated and without cause."

In any mention of her failure of re-election there is nothing whatever that reflects in any way upon Miss Batte. Rather is it another example of what happens when fairness and individualism crosses the tyrant; how plain the implication of abject surrender of those who sat in the board meeting and could not find the faculty to resist.

One thing is outstanding, and the

only thing which counts in the long run, that is Miss Batte has reared a monument of love and appreciation in the hearts of the boys and girls the years cannot obliterate.

Alfonse Mikulec is home for a 10 days leave from Camp McCoy, Wis., where he is stationed with the Second Division. He is with the band. He volunteered and served first at Fort Sam Houston and has been in Camp McCoy for some time. Alfonse said that there was a slight snow flurry at Camp McCoy just before he left there and farmers are beginning to plant. Frank Mikulec, Jr., a brother is also at Camp McCoy. Both are sons of Mr. and Mrs. Frank Mikulec, Sr., of Marak.

## American People Face Acid Test in Treasury's 2nd War Loan To Raise 13 Billion Dollars in Three Weeks

### The Nation Dare Not Fail in This Greatest Financing Task in History—"They Give Their Lives—You Lend Your Money."

Washington, D. C.—Coming as it does upon the heels of income tax payments, the people of America will face an acid test this month when the Treasury's Second War Loan drive opens April 12 with an objective of thirteen billion dollars to be raised through sale of Government securities.

A substantial part of this huge financing, the most stupendous ever undertaken by any government in the world's history, must be loaned by people in ordinary walks of life.

High Government officials have pointed out that the nation must not fail in this duty to our men on the battle fronts who are now carrying the offensive to the enemy at every stage. It is obvious to every thinking man and woman that as the United Nations take this offensive against the dictators, the cost of war operations increases in proportion.

The American people must no longer think of war costs in terms of equipping a soldier, building a tank or plane or a ship. We must now think in terms of the cost of battles, invasions and new offensives. Attacking armies cost more money than equipping that army and we must meet that increased cost by buying more War Bonds and Second War Loan Securities.

#### They Give Their Lives.

It is not only necessary that the American people left here at home assume this additional participation in the war effort—it is an honor to do so . . . for we here at home can do no less than attempt to approach the sacrifices of our brave men out on the fighting fronts to whom the last great measure of sacrifice is but a daily offering. They give their lives . . . we are asked only to lend our money.

And that is the theme of the Second War Loan, "They Give Their Lives—You Lend Your Money."

Financial experts who know monetary conditions in the nation point out that at the present time there is in liquid funds, cash and commercial bank deposits over and above taxes and present investment in Government Bonds, and over and

above what can be bought this year because of restrictions and rationing . . . approximately 40 billions of dollars which should go into Government Bonds.

It should be the objective of every American to invest these loose dollars, idle dollars, in Government securities, not only from a patriotic standpoint, but from the standpoint of their own financial security. There is available during the Second War Loan a type of Security to fit every pocketbook.

#### Are Wild Dollars

Every dollar of these forty billions of dollars available, which is not invested in Government securities during this War Loan Drive is a "wild" dollar which, together with its mates, will tend to increase inflation. Uncontrolled inflation might raise the cost of living to a point where the dollar is worthless. It can happen. It happened in Germany after the last war when the price of a loaf of bread cost more than an annual wage.

Invested in Government securities, your dollar will work for you. It will hold down inflation because it is harnessed in war work; it will help buy food, transportation, munitions for our boys on the front lines and it will be earning interest that, together with your original loan, will come back to you later to help you buy the things you cannot buy today . . . to insure your peace of the future.

Remember those boys out there . . . in Tunisia . . . in the South Pacific . . . They give their lives—You lend your money.

## "I Married a Witch" Opens at Cameron Theatre Thursday

When Veronica Lake, the girl with the peek-a-boo bangs, was a tiny creature, she longed and longed to slide down a banister. She got her chance in "I Married a Witch" which is due for its premiere on Thursday, April 29, at the Cameron Theatre thru United Artists release. In the picture she slides down the full length of an old-fashioned winding stairway banister, and much to her delight, nobody calls her unladylike.

In the story, in which she is teamed with Fredric March as Wally Wooley she's a real witch who gets a girlish body, and since witches are bad little

girls, she doesn't use the stairs. When the scene was made, Veronica insisted on doing the slide herself. She couldn't get hurt because she straddled the banister, and to make matters a little easier for her—she was clad in man's pajamas, none other in fact than Wally's.

#### Young Tomboy

That Veronica was delighted with her slide needn't surprise anyone, for back home in Lake Placid, N. Y. where she lived as a little girl, the neighbors nicknamed her Tomboy Beane (Constance Beane was her name) and some of them still remember what a hellion she was in those days. In grown-up life today, although the part of the glamour girl fits her to a T, Ronnie still lapses into her tomboy

existence. Riding a bicycle is one of the things she's noted for—and she does it in a casual way, just for the fun of it. She swims too, and rides horseback, and can ski as well.

Nobody, in fact, could seem better fitted for the part of the witch in "I Married a Witch" than she could. Pert and devilish at times, she gets into the spirit of the fast-moving and fun-provoking antics which finally get Wally not only to fall for her, but to marry her—witch that she is.

#### SAMMIE KI MCCLAREN

Little Sammie Ki McClaren infant son of Mr. and Mrs. Sherwood McClaren has gone to be at home in heaven after a short stay on this earth. Sammie Ki was born January 9, 1943, and died April 21, 1943.

Funeral services were held Thursday afternoon at 4 o'clock at Marlow Baptist church; conducted by Rev. Sanders of Cameron.

Pall bearers were: S. J. Henry, Randolph Williamson, Spencer Short and Earnest Pratt.

He is survived by his parents, Mr. and Mrs. Sherwood McClaren, Jr., and two brothers Sherwood III and Joel Rex of Marlow.

Although little Sammie was with us so short a while he brought much joy and sunshine into the lives of all who knew him. The family has deepest and sincere sympathy of many friends who pray that the sorrow of parting may be softened by tender memories and abiding faith.

#### TO BE MARRIED

The Daily Texan of Texas University, April 23, carried the announcement of Miss Malvina Olson, daughter of Mr. and Mrs. J. T. Olson of Cameron, to Staff Sergeant Howard K. McElroy, 391st T. E. F. T. Squadron Laughlin Army Air Field, Del Rio, formerly of Austin.

After graduating from Cameron High School, Miss Olson entered State University as a student of arts and sciences in the fall of 1940, and remained in school until this year.

Staff Sergeant McElroy was an electrical student at the University, 1940-42, before enlisting in the Army Air Force, and is now stationed at Laughlin Army Air Field as an instructor. He is the son of Mr. and Mrs. J. R. McElroy, who live out from Austin where he is farming, and also operates a Power House for Texas Quarries.

Sergt. McElroy will be 21 years old the 24th of May.

#### ST. MICHAEL'S CHILDREN AT BURLINGTON TO PRESENT PROGRAM

The children of St. Michael's School, Burlington, will present their annual play in Burlington Hall on Sunday, May 2, at 9:00 p. m. The play, a three-act Mystery Comedy, is entitled, "Watch Out for Spooks."

A chicken sandwich supper and other refreshments will be served.

#### GUNNELS

(continued from page one)

the gallant Eaglet who sacrificed his life upon the altar of his country. It was an impressive tribute from the sky as the family and friends in the Air Corps sat in the beautiful Chapel for the ceremony in which the courage and devotion of the young flyer was highly praised.

The body had arrived in San Angelo, the home of Mrs. Gunnels, Wednesday morning. Cadet Maxwell of Perrin Field at Sherman accompanied the body to San Angelo.

M. C. Gunnels, the father, of Galveston and Mrs. Gunnels arrived in San Angelo on Sunday morning.

A. J. Gunnels, grand father of Hanover; Thomas P. Gunnels of Hanover, Paul M. Gunnels and A. J. Gunnels of Freeport left shortly after the news came to be in San Angelo for the funeral. Mrs. Ethel Gunnels, the mother, and Rufus, a brother of the dead flyer, reached San Angelo from California on Wednesday and another brother Luther Gunnels and

wife of Galveston also attended.

Aviation Cadet Gunnels lived at Hanover when a small boy where the grand father, A. J. Gunnels settled in the early days to rear a family of sturdy Texans, whose sons are now fighting in the war for liberty and freedom.

Aviation Cadets from Goodfellow Field in San Angelo were pall bearers.

Members of the Gunnel family expressed deep and sincere appreciation for the courtesy shown them while in San Angelo for the funeral of their relative. Copies of this newspaper will be mailed to friends and acquaintances made under these trying circumstances to serve as a message of thanks for the sympathy and comforts provided during these hours of great sorrow.

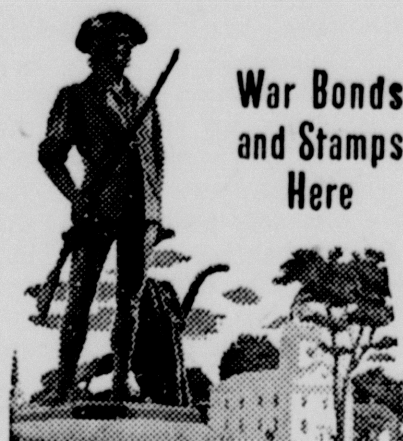

Deputy Sheriff, Will Vaughan visited in Austin Tuesday on business.

## James Gandy, Cadet, In Air Corps Visits Home Folks Here

James Gandy of the Army Air Force Advance Flying School at Altus, Oklahoma, has been home on a fifteen day furlough. He is the son of Mr. and Mrs. Jim Gandy of Hanover.

James is a graduate of Milano High School and attended A & M College. While at college station he volunteered for service in the Air Force and was called for duty on October 17, 1942.

While he was home, his sisters, Ella Fay and Maxine Gandy of Duncan and Kelly Field, San Antonio, visited here. He accompanied his sisters back to San Antonio where he visited friends and relatives there. He has now returned to Altus, Okla.
